

User Guide

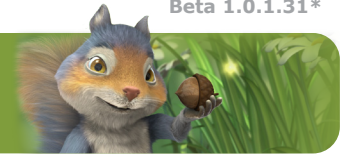

Beta 1.0.1.31

Last updated: November 2, 2009

**Brand New
in Build 1.0.1.31!**
Finished Adventure 2?
Then check out the new
Adventure Cartoons and
Nursery Rhyme Books
under the Map/Index
section. Enjoy!

Welcome to Central Park

We're glad you could join us in *Central Park*. This User Guide may help you along your journey. During your product trial, we'll continue to update and add information to this guide based on your feedback. Have fun in your Adventures with Squirrel and his family!

Recommended Minimum System Requirements

PC running Windows® XP or Vista

- 512MB RAM
- 1.7GHz Intel® Celeron® Processor
- On-board Intel® 82845G/GL graphics controller

- Software: Internet Explorer® 7 or greater (or Firefox® 1.5 or greater), Flash® Player 9 or greater

Macintosh® running OS X® 10.4.8 or greater

- 512MB RAM
- 1.3GHz PowerPC® G4 or 1.66 GHz Intel® Core Duo Processor
- Internet Connection: Cable or DSL modem—1.5 Mbps
- Software: Safari® 3 or greater (or Firefox® 1.5 or greater), Flash® Player 9 or greater

Progressing through Central Park

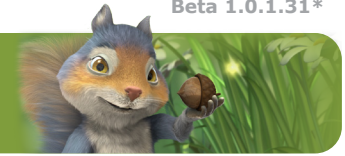

Power Stars ~~+ 4 Days~~ = Next Adventure

You no longer have to wait 4 days for your next Adventure Menu! During this product trial, you'll have access to eight Adventure Menus, each containing new activities: games, songs, books, videos, and home activities. When you and your child play through an activity, you'll receive a Power Star! We use Power Stars as reminders for you, the caregiver, to see which activities you've already played with your child. Once you've received Power Stars for all the activities in an Adventure Menu ~~and four days have passed~~, an arrow will appear in the upper right corner to allow you to move to your next Adventure!

Skipping Over

Click on a cartoon to skip or click the Menu button

The opening Theme Song and the Adventure Cartoons of the Squirrel family can be skipped by clicking on them. And clicking the Menu button will skip both the Theme Song and the Adventure Cartoon, allowing you and your child to move to the Adventure Menu more quickly.

1 Beta Build Number

Current beta version of *Central Park*. Provide this number when contacting us for help or when giving feedback.

2 Customer Support & Feedback Links

Click one of these links for help or to provide feedback.

3 Child's Name

The name of the child currently logged into a session.

4 Before You Play Video Tab

Click this tab to view a video about an activity. These videos provide you with additional information on each activity.

5 Activity Button

Click this button to play an activity: a song, book, game, or video. Activities can also be accessed through the Map/Index.

6 Power Star

This is a reminder that your child has played through all the material in an activity once.

7a Favorites Sticker

7b Favorites Tab

Roll over the "Favorites" label to pop up the Favorites tab. Click on the Add Favorite Sticker icon to change your arrow to a Favorite Sticker. Now click on an Activity button to place your sticker. Use Favorite Stickers as reminders of which activities you and your child like best.

8 Adventure Menu Selector

Squirrel's House Menu or Your House Menu: Click one of these to move between the two Menus.

9 Watch Cartoon Tab

Click on this tab to watch the current Adventure Cartoon again. Access other Adventure Cartoons through the Map/Index.

10 Subtitles Bar

Displays captions for all activities in *Central Park*. This feature can be turned on or off in the Options Menu.

11 Timer

Displays how much time you've spent playing your current session. This feature can be turned on or off in the Options Menu.

12 Options Menu Button

Click this button to access the various user options. See the "Options Menu" section in this User Guide for additional details.

13 Toy Box Button

Click this button to access additional songs and printable fun sheets.

14 Adventure Menu Button

Click this button any time to return to the current Adventure Menu.

15 Map/Index Button

Click this button to access the Map and Index Menus. The Map allows you to access previous Adventure Menus and the activities found on each. The Index allows you to access all current and previous activities.

16 Exit Button

Click this button to exit your current session (to allow you to log in another child) or to quit *Central Park*.

8 Adventure Menus

This product trial includes eight Adventure Menus for you and your child to play.

Next Adventure Menu

Once you've received Power Stars for all the activities in an Adventure Menu ~~and four days have passed~~, an arrow will appear in the upper right corner to allow you to move to your next Adventure Menu!

Options Menu

1a Timer

Click "on" to show or "off" to hide the Timer. The Timer is used as a reminder of how long you've been playing your current session of *Central Park*. (Default is set to "on.")

1b Click this "Before You Play" video button for additional information about the Timer.

2 Background Music

Click "on" to play or "off" to silence the background music in the menus. This does not affect activities. (Default is set to "on.")

3 Advanced Options Password

Type in the same password you use to log into *Central Park*. This allows you access to the following:

4 Video Quality

Click "normal" or "high" to select the quality image of the videos. Note that "high" quality refers to a sharper image but also a larger file size, which may take longer to load depending on the speed of your internet connection. (Default is set to "normal.")

Added
in Build
1.0.1.24

5 Subtitles / Tooltips

Click "on" to show or "off" to hide the Subtitle Bar and Tooltips. (Default is set to "off.")

6 Scale to fit window

Click "on" to scale or "off" to not scale. Scaling allows you to set the size of *Central Park* to the size of your browser window. You may notice that *Central Park* plays slower if scaled; for better performance, set this to "off." (Default is set to "on.")

7a Send prints jobs to:

Click "Print Queue" to send all print jobs to the Print Queue or "Printer" to send all print jobs directly to your printer. Sending print jobs to the Print Queue allows you to review which print jobs you would like to print. (Default is set to "Print Queue.")

7b Print Queue Button

Click to open the Print Queue menu. See the "Print Queue Menu" section below for additional details.

Only the most recent 20 print jobs are saved in the print queue.

Print Queue Menu

1 Print Job List

This shows which printable fun sheets are ready to be printed. Only the 20 most recent print jobs are saved in the Print Queue.

2 Preview Window

Clicking on a print job in the Print Job list turns the selection blue and a preview of that print job can be seen in this window.

3 Print and Delete Buttons

Click on a print job in the Print Job list (which will highlight blue) to select it. Then click the Print button to send it to your printer or click the Delete button to delete this selection from the Print Job list.
