

## Waterford on iPads or Android Tablets

### Steps for Teachers for Sending QR Code to Parents by Email

1. In your Waterford Manager, choose **STUDENTS TAB**

2. Click **individual student name** and then click **TABLET APP**

3. After opening the **QRCode**, click **Control/C on a Windows Device** or on a **MAC use Command C** on your keyboard to copy **QRCode**.

- Use **Control/V keys on a Windows Device** or **Command V** on a **MAC** to paste **QRCode** into an email to the parent. The *Student's Name* will be at the bottom of the **QRCode**.

4. Share this [Quick Start](#) link, along with the **QRCode**, in the email to families. This **Quick Start** will give steps to set up Waterford on their iPads or Android devices

5. **Alternate resource for copy/paste instructions for Windows Device or MAC** <https://www.youtube.com/> or <https://www.google.com/> ) In search field type: **copy and paste for a MAC**
